Our Story

A Chief's Dream Team starts with integrity!

We provide our clients with superior services that surpass expectations and drive measurable results.

As a certified Service-Disabled Veteran Owned Small Business we close the gap between the essential needs for completing tasks and your aspirations for achieving mission success. Our team provides program/project management, strategic consulting, marketing, training and administrative support services to help streamline operations and effectively achieve your objectives.

We work with you to optimize processes that enhance operations.

Past Military and Federal Experience

Strategic program management, advisory support and leadership overseeing a 48-person contract supporting the Defense Health Agency's PEO for Medical Systems and CIO (J-6).

Redesigned Depot Maintenance Inter Service Support Agreement (DMISA) training using AGILE methodologies, praised as "Fantastic" by client. Built SharePoint site to enhance product support collaboration with external customers.

Galvanized Public Affairs humanitarian and disaster relief support in Hati, vetted records, and facilitated Boots on Ground in less than 24 hours aiding FEMA.

Coordinated DIA/contractor efforts during \$60K IT upgrade; secured DAO ops against foreign intel services.

Transferred 37,582 time-sensitive files between unclass/classified systems without incident, enabled uninterrupted mission access.

Demonstrated photojournalism expertise by documenting and strengthening the unit's historical database during recovery operations.
